

CONGRESS ACTS ON ARMY DRAFT BILL

Senate Accepts Conference Report Already Adopted By House

MAY BECOME LAW TODAY

President Will Designate Day for Registration By Proclamation

PROVISIONS OF BILL

WASHINGTON, May 17.—Final action was taken by congress today on the war army bill. The senate, by a vote of 65 to 8, accepted the conference report accepted yesterday by the house. Vice-president Marshall and Speaker Clark will sign the bill tomorrow and send it to the White House for President Wilson's approval. It probably will be law before tomorrow night. As finally approved the bill provides for raising by selective conscription of a war army in increments of 500,000 men from 21 to 30 years of age. It also authorizes without directing, the president to raise a volunteer force which Colonel Roosevelt desires to take to France and greatly increases the pay of all enlisted men.

To Designate Registration Day.
Machinery to register and draft the first 500,000 men already has been set up by the war department. Immediately after the president signs the bill he will by proclamation designate the day for registration of the ten million or more men of the prescribed age. Registration books will be in the hands of state and local authorities who are to co-operate in the work and Brigadier General Crowder the provost marshal general expects to have his complete lists in Washington within five days after registering begins.

Then will come the task of selecting the first half million, exempting the physically unfit, those with dependents and men who are needed on the farm and in industries.

The process of selection probably will be completed long before the men are wanted. Secretary Baker said today that because of lack of supplies the new army would not be called to the colors for training before September.

May Postpone Decision.
Whether Colonel Roosevelt shall be permitted to raise an expedition now rests with President Wilson. It is believed he probably will postpone decision while the draft system is being put into operation.

Today's closing debate centered upon the so-called Roosevelt amendment. Colonel Roosevelt was vigorously attacked by Senator Stinson of Missouri and as ardently defended by his friend, Senator Johnson of California.

The senate's approval of the measure agreed upon by the conferees and accepted by the house came late in the day after attempts to send it back to conference. The eight senators who cast the negative votes were:

Democrats—Gore of Oklahoma; Hardwick of Georgia; Kirby of Arkansas; Stone of Missouri; and Trammell of Florida.

Republicans—La Follette of Wisconsin; Gronna of North Dakota; and Norris of Nebraska.

Chief Provisions of Bill.

The bill's chief provisions are: Raising of armed forces by the selective draft system, imposed upon all males between the ages of 21 and 30 years, inclusive, subject to registration and certain exemptions from service.

Increasing the regular army to maximum war strength.

Drafting into the federal service of National Guard units.

Raising on an initial force by conscription of 500,000 men, with addition of 500,000 if deemed necessary.

Raising, if the president sees fit (the Roosevelt amendment), of four divisions of voluntary troops (the Roosevelt amendment).

Increasing the pay of all enlisted men as follows:

Fifteen dollars additional monthly for those now receiving less than \$21 comprising the bulk of the army, graduated downward to \$6 additional monthly for those receiving \$45 or more.

Prohibiting sale of liquor at or near army training camps and otherwise protecting morals of the soldiers.

It will require between 30 and 60 days after President Wilson signs the army bill to bring the national guard into the federal army under the draft provisions of the national defense act. This can be stated authoritatively although the war department is withholding announcement as to details of the process to be followed with the state troops until the bill has been signed.

National guard troops now in the federal service retain their status as militiamen and it will require the exercise by the president thru proclamation or other executive order to draft the force as a body into the fed-

VANDERLIP PREDICTS BETTER BUSINESS

Asserts War Will Not Call for Diminution in Volume

Member of Labor Committee of Council of National Defense's Advisory Commission Issues Prepared Statement.

New York, May 17.—Different business but better business for America during the war was predicted today by Frank A. Vanderlip, banker and member of the Labor Committee of the Council of National Defense's advisory commission. In a prepared statement, Mr. Vanderlip said the war will call for readjustments, but not for diminution in volume of business; that times will be better than ever before, and that the people should be getting ready for top speed production that will utilize every energy.

"The sooner the public gets over the idea that we want 'business as usual,' or can have 'business as usual' during this great war the better for all," he said. "We want to stop all unnecessary work and unnecessary expenditures short off, and concentrate on the immense volume of work which has to be done. Business men should get rid of any foolish fears that economy will bring on a general paralysis of industry or trade."

No Danger of Lack of Work.

"There is no danger of not having work for everybody, the trouble is that there is more work in sight than can possibly be done, and the question is whether we shall cut off luxuries or necessities. It is absurd under these conditions to talk of the danger of unemployment and to urge that the people shall go on buying what they do not actually need in order to keep labor from unemployment or to maintain business as usual."

"How is labor to be had to make uniforms unless it is released from making other clothes; how are looms to be had for blankets unless released from something else; how is steel to be had for ships, tin cans and agricultural implements unless other consumption is curtailed; how are we to put \$7,000,000,000 or \$8,000,000,000 of purchasing power at the disposal of the government unless we curtail our individual expenditures?"

"The country should immediately awake to the fact that it has a great work in hand, and that it cannot carry on a war like this with one hand and continue to do all the business it did before with the other."

Should Purchase Bonds.

"Most of the arguments against economy assume that the people who economize will hoard their money. That of course, will be foolish, but if they lend their savings to the government it will find its way directly back into circulation in providing for the government's needs. These bond issues will, necessarily more taxation in the future than in the past, but the person who practices self-denial now in order to buy a bond not only aids the government but provides an offset to future taxation on this account. The individual who takes his share of the bonds will pay his taxes into his own pocket. "Every community should be closely organized, for subscriptions to these loans. Once the habit of saving to buy a bond is established, it will not be abandoned when the war is over, but a million new springs of wealth will be developed to help on the development of industry and the progress of society in the future. Parents should buy for their children a war like this with one hand and continue to do all the business it did before with the other."

WOMEN PLAN FRUIT DRYING CAMPAIGN

SPRINGFIELD, Ill., May 17.—

Women of Illinois will be urged to dry fruit instead of canning it this season as their part in winning the war. This, it is said, will save tin and other materials used in the manufacture of cans for other more urgent purposes.

A campaign to this end was set on foot here today at a meeting of the special food conservation committee of the women's auxiliary of the Farmers' Institute.

Mrs. H. M. Dunlap of Savoy is chairman of the committee. Among other members are Mrs. F. W. Benjamin of Bloomington, Mrs. J. C. Heiler of Decatur, Mrs. M. C. Bangs of Chicago and Mrs. J. Y. McMurray of Lincoln.

CHOOSE MODERATOR OF PRESBYTERIAN ASSEMBLY

LINCOLN, Ill., May 17.—

A. Seagle of Chattanooga, Tenn., was chosen moderator of the Cumberland Presbyterian general assembly late today. Mr. Seagle is a layman commissioner and is regarded as one of the strongest elders in the Cumberland denomination.

Only accredited commissioners voted and the vote for Mr. Seagle was 61 to 44 for the Rev. F. L. Noel of Marshall Texas. Mr. Seagle succeeds the Rev. J. L. Price of Campbell, Mo., retiring moderator.

REFUSE TO AMEND CONSTITUTION.

New Orleans, La., May 17.—

The Southern Baptist convention today refused to amend its constitution so as to make women eligible as delegates in the convention.

REPORT OUT BILL TO ABOLISH PRIVATE BANKS

SPRINGFIELD, Ill., May 17.—

The senate bill to abolish private banks in Illinois reached a place on the issue calendar today when administration pressure brought to bear in the house banking committee resulted in action after months of dickerings on private bank legislation.

The measure was reported out of committee without recommendation as to passage, but with the request that it be placed before the house. The state administration had urged the committee to make a favorable report.

A determined fight against passage of the bill is expected in the house next week. Amendments to make it apply to Chicago only are in prospect.

The house today declined to recede from its amendments to the Buck bill to eliminate the trial clause from state civil service and the bills will be sent to conference.

SETTLE RUSSIAN ARMY AND CABINET CRISIS

Generals Brussloff and Gueko Withdraw Resignations

All Commanders Decide to Remain At Their Posts—Workmen and Soldiers' Delegates Accept Declaration of Government's Policy.

Petrograd, May 17.—via London.—As a result of a meeting in Petrograd of the commanders-in-chief from all the fronts except the Caucasus, Generals Brussloff and Gueko have withdrawn their resignations and reports of further resignations are refuted by the definite announcement that all the commanders have decided to remain at their posts. Thus the crisis in the army has been averted.

Discussing with the temporary government the serious condition of affairs at the front, the commanders declared that the unfortunate phrase "peace without annexations" had found its way to the army and was there translated into an argument against offensive warfare. This and other harmful doctrines pervading the army had ruined discipline and destroyed the authority and prestige of the officers. The discord in Petrograd had naturally found an echo everywhere at the front, but the spirit of the soldiers was slowly recovering and the power of the Russian army was by no means lost.

Accept Government Declaration.

The cabinet crisis has been settled. A declaration of the government's policy has been accepted by the representatives of the Council of Workmen and Soldiers' delegates with merely slight alterations, and was signed by them at midnight.

During the sitting M. Tchernoff, National Socialist, was appointed minister of agriculture and M. Skobeleff, vice president of the council of workmen and soldiers' delegates was appointed minister of labor. It was also decided to be desirable to include in the government Fedor Kokoshkin, constitutional Democrat and a professor at the University of Moscow, and M. Tsereteli, member of the council of workmen and soldiers' delegates. The duty of these men will be to prepare for the constituent assembly.

STATE BANK RESOURCES SHOW BIG INCREASE

State Auditor Russel Issues Statement—Increase Totals \$37,720,423.84.

Springfield, Ill., May 17.—Resources of the 819 state banks in Illinois, including Chicago banks increased \$37,720,423.84 between May 2 and Feb. 17, the date of the last bank statement, according to a report issued today by State Auditor Russel. Resources on Feb. 17 were \$1,188,324,995.64, according to the report.

United States bonds held by banks were increased by \$4,839,847.78 in the two and a half months. Such holdings on May 2 were \$5,962,511.78.

Money due from private and foreign banks on May 2 was \$14,003,225.74 or a decrease of \$3,113,247 from that due on February 17.

Total capital, surplus, contingent fund and undivided profits on May 2 were \$170,646,294.21, an increase of \$1,769,694.98.

Total deposits, including due to banks on May 2, were \$1,956,426,139.29, an increase of \$1,962,964.84.

Total cash due from banks on May 2 was \$295,812,611.37 an increase of \$7,410,846.23.

REPORT FAMOUS FRENCH AVIATOR IS KILLED

AMSTERDAM, May 17, via London.—

The Telegraaf quotes a statement printed in a German newspaper that the famous French aviator, Captain Rene Doumer, son of Paul Doumer, former president of the French chamber of deputies, who is reported missing, was shot down behind the German lines and killed.

Captain Doumer was credited in the French war office report of March 19 with having brought down his sixth enemy machine.

ARREST GERMAN AND POLE.

Ottawa, Ill., May 17.—

Peter Backus, a German porter at the Ottawa Elks Club, who was arrested ten days ago by federal agents as an alien enemy and placed in the county jail here, was taken to Chicago today by United States deputy marshals. Ed Schumax, a Polish shoemaker, was also arrested by the secret service men. The charges against Backus and Schumax were not made public.

BRITISH FORCES TAKE BULLECOURT

Drive Germans out of Village After Days of Most Intensive Fighting

REPULSE CROWN PRINCE

French Artillery and Infantry Inflict Heavy Casualties On Germans

ITALIANS ON OFFENSIVE

BULLETIN

PARIS, May 17.—A number of Japanese gunboats have arrived at Marseilles to aid in the war on German submarines and convoy French merchantmen. If the experiment has satisfactory results it will be extended.

After days of most intensive fighting, in which the position several times changed hands and men fell in hundreds, in attacks and counter-attacks, the British forces have at last driven the Germans out of the village of Bullecourt and once more are threatening the southern end of the Drocourt-Queant line, which Field Marshal Von Hindenburg constructed to defend Cambrai from the eastward advance of Field Marshal Haig's army.

German Efforts Go for Naught.

Thousands of fresh German troops recently have been thrown into the fray around Bullecourt, but their efforts according to official communications have gone for naught in endeavoring to drive out the British from the entire village. Altho several times the line has been bent by the preponderance of weight of the German formations, at no time have the British been forced to evacuate, holding here and there fringes on the outskirts and keeping back the Teutons until their elements were reformed with sufficient strength to make effective counter-attacks and regain their lost territory.

Likewise to the east of Arras around the village of Rouex the battle has been waged with a viciousness scarcely ever before seen and here also the British have been successful against the Germans. In Wednesday night's fighting the Germans were forced to give ground before counter attacks inside the village of Rouex and lose their hold on the positions they previously had taken.

Repulse Crown Prince.

Altho the forces of the German crown prince have renewed with extreme violence their attacks against the British north of Soissons in the sectors of the Mouille-de-Laffaux and Braye-en-Laonnois—three of them against each position—they were again repulsed by the French artillery and infantry, suffering enormous casualties. To the east the French troops near Craonne delivered a successful attack, capturing German trench elements.

The Berlin war office reports that for the first sixteen days of May the Germans made prisoner of five thousand British and French soldiers on the French front—2300 of them British and 2700 French.

Italians Keep Up Offensive.

From Tolmino to the sea the Italians are keeping up their strong offensive against the Austrians and warding off violent counter-attacks against positions they have captured in their new push. All counter-attacks thus far have failed, says the Rome war office, and the Italians have been able to capture positions in various sectors thruout the fighting zone.

An unofficial despatch reports the taking by the Italians of the fashionable watering resort of Duino at the head of the Gulf of Trieste and only 12 miles from the city of Trieste. Austria's most important port on the Adriatic Sea. In the six days of fighting since the Italian offensive began, 4,021 Austrians have been made prisoner by the Italians.

Teutons Meet Reverses.

In Macedonia also the forces of the Teutonic allies are meeting with reverses at the hands of the entente troops. In the Cerna river region, notwithstanding the fact that they threw into the action fresh reinforcements from Bulgaria, the Germans lost to the French troops positions on a front of nearly a half mile, while to the east in the Struma river region the British have taken the village of Kijupri and elements of enemy trenches.

Reports from Russia indicate the virtual settlement of the differences that have existed between the government and the council of workmen and soldiers' delegates.

ANNOUNCE WAGE INCREASE.

Aurora, Ill., May 17.—

A ten percent wage increase for all shopmen and unorganized labor in the employ of the Burlington railroad was announced today. The increase for the shopmen and clerical help is effective from May 16 while the track laborers' advance dates back to April 18. It is estimated that 15,000 employees are affected.

MAY DESIGNATE JULY 1 AS PATRIOTIC SUNDAY

CHICAGO, May 17.—

One hundred and fifty thousand Sunday schools in America, with a membership of about 18,000,000, have been requested to observe July 1 as "Patriotic Sunday." It was announced at the headquarters of the International Sunday School Association here today.

Each school has been requested to make an offering on that day toward the American Red Cross or other war relief agency or the army Y. M. C. A. to encourage young men to enlist for active service in the war and young women for duty as Red Cross nurses and to enroll as many members of the Red Cross as possible.

The Golden Text selected for the day is: "And I heard the voice of the Lord saying Whom shall I send, and who will go for us? Then I said, Here I am; Send me."

CALL ON RAILROADS TO READJUST SERVICE

War Board of Railway Association Takes Action

Move Is to Make Available the Maximum Transportation Energy for Moving Food, Fuel, Material and Troops.

Washington, May 17.—All railroads have been called upon by the war board of the American railway association to readjust their service immediately so as to make available the maximum transportation energy for moving food, fuel, material and troops. A notice to the roads announced tonight by Fairfax Harrison chairman of the board, says:

Changes Asked of Roads.

1. Consolidate where practicable train passenger train service and eliminate those trains which are not well patronized.
2. Reduce the number of special trains and give up running excursion trains.
3. On branch lines where two trains are operated try to reduce to one train a day.
4. Where practicable substitute mixed train service for separate passenger and freight service on branch lines.
5. Closely review number of freight trains where tonnage is insufficient to load them fully, with a view to reducing the number of trains.
6. Where passenger trains are double headed for speed, a readjustment of schedules or cutting off cars where possible will release locomotives for freight service.
7. Reduce as far as practicable luxuries such as observation cars. In the interest of economy reduce the present rather elaborate and luxurious bills-of-fare on many dining cars.
8. Move "company" freight on underloaded trains. Operate work trains as far as possible in slack times. Store coal in slack times.
9. Make proper train loading of primary importance with officials as train crews. Give publicity to those making good and poor records.

ALL ELIGIBLES IN STEGER ENLIST

Chicago, May 17.—

Every man between the ages of 21 and 31 years in Steger, Ill., a town of about 3,000 population has volunteered for service. Captain Franklin Kenney, army recruiting officer here learned today. A recruiting detail reported that fifty of the 75 men available had enlisted and that the remainder had agreed to do so as soon as they could arrange their affairs.

MANY "ROOKIE" OFFICERS SUFFER WITH SORE FEET

FORT SHERIDAN, Ill., May 17.—

One hundred and fifty cases of sore feet were reported to the hospital of the officers' training camp here today after the first practice march. Most of the soreness was due it was said, to selection by the men of imperfectly fitting shoes. The 150 were given shoes of another size and detailed to filling sandbags for rifle practice until they are ready again to make the daily hikes.

IMPERIAL WAR COUNCIL WILL MEET ANNUALLY

LONDON, May 17.—

Meetings of the imperial war council will be held annually hereafter Premier Lloyd George announced today in the house of commons. At the conclusion of the war, a special conference will be held to readjust constitutional relations of the empire.

The war council will be composed of the premier of the imperial parliament, such of his colleagues as deal especially with imperial affairs, the premiers of each of the dominions and some especially accredited representatives of India with equal authority.

REPORT GERMANY PAYS U. S. FOR LUSITANIA SINKING

Amsterdam, May 17.—

Some German newspapers apparently have heard reports that a cash payment has been made by the German government to the United States for the sinking of the Lusitania. A Berlin telegram today quotes the semi-official Nord Deutsche Allgemeine Zeitung as denying the news in some papers "that the German government has paid America \$5,000,000 marks for the Lusitania's sinking."

OMNIBUS STRIKE ENDS

London, May 8.—

The London omnibus strike has been settled as a result of intervention by the government. The men will return to work tomorrow.

INCREASES INCOME SURTAX SCHEDULES

House in Committee of the Whole Takes Action

Move Raises Surtaxes on Incomes Between \$10,000 and \$100,000 to Twenty-five Per Cent and a 45 Per Cent Surtax on All in Excess of \$1,000,000

Washington, May 17.—Further drastic increases were written into the income surtax schedules of the war revenue bill by the house today after announcement by Democratic leader Kitchin that Secretary McAdoo's latest estimate of one half of the cost of the first year of the war which the bill is intended to cover would be about \$2,245,000,000.

Vote Stands 146 to 107

The increases, 25 per cent on all the proposed surtaxes on incomes between \$10,000 and \$100,000 as reported by the committee and a 45 per cent surtax on incomes in excess of \$1,000,000 as proposed by Representative Lenroot of Wisconsin, were included by a vote of 146 to 107.

No attempt will be made in the house Mr. Kitchin announced tonight to raise the total of the bill to \$2,245,000,000.

It is probable, however, he added, that the total will be larger than the \$1,500,000,000 contemplated in the original measure and if it is found that more money is needed, another bill will be drafted at the next session of congress. Many members believe further efforts to make the bill total \$2,245,000,000 will be made on the floor or in the committee. The committee meets tomorrow and daily thereafter to consider changes in the bill.

Regardless of Secretary McAdoo's estimate Mr. Lenroot announced tonight he will seek to have stricken from the bill the taxes on light and heat. Opponents of the second class mail rates increases also will continue their fight.

A statement prepared by a committee expert tonight said the surtax increases would add about \$66,000,000 to the total of the bill during the coming year.

Protests Against Additions

Representative Fordney of Michigan protested vehemently today against additions to the income tax rates. Wealth, he insisted, should not be taxed more at this time.

Representative Lenroot assailed the plan of taxing the poor on necessities of life and permitting the rich to retain their wealth subject to emergency taxes.

Efforts of Representative Curry of California to insert an amendment to increase the exemption on single persons from \$1,000 to \$2,000 and on married persons \$2,000 to \$3,000 failed by a vote of 109 to 50.

Representative McCormick of Illinois and Representative Lunn of New York tried unsuccessfully to get additional exemptions from married men with children. A proposal by Representative Page of Massachusetts to turn over to the secretary of the treasury sixty five per cent of the salaries of members of congress during the war and another by Representative Burnett of Alabama to assess a tax of 50 per cent of the salary of every representative who voted for war were voted down.

COLLEGIATE AMERICA WELCOMES BALFOUR

WASHINGTON, May 17.—

Collegiate America today extended its welcome to British Foreign Secretary Arthur James Balfour, Ambassador Spring-Rice and eleven university members of the British war mission by conferring on them honorary membership of Phi Beta Kappa, the scholarship fraternity. The ceremony took place at the mission headquarters.

The following were received into the honorary membership: Arthur James Balfour, Sir Cecil Spring-Rice, Sir Thomas White, Lord Curzon, Ian Malcolm, Geoffrey Butler, Lord Eustace Percy, F. P. Robinson, Stephen McKenna, Maurice Peterson, Walter T. Layton, Christopher Phillips, Maurice S. Amos.

Tonight Mr. Balfour and other members of the mission were entertained at a dinner at the home of Senator Saulsbury to afford them an opportunity to meet some of the members of the senate.

IRISH PEOPLE OPPOSE GOVERNMENT PLAN

DUBLIN, May 17.—

The government plan for the settlement of the Irish question has received no good word from anybody in Ireland. Nationalists, whether supporters or opponents of John Redmond, agree in condemning the proposals. They are regarded as the worst yet put forward and it is pointed out that they exclude six counties on bloc without giving them a chance of voting their views. Many nationalists express the opinion that the partition was adopted as a tactical move to defeat home rule and that once home rule was recognized as inevitable ever the Unionist counties would vote themselves in, especially the Episcopalians Protestants whose church is bound by many ties to all Ireland.

AGREE TO DEMANDS.

Fort Worth, Texas, May 17.—

As a measure for defense and safety of the nation, Texas coal mine operators today agreed to the demands of the miners who asked an increase of 12 1/2 cents per ton on all screened coal and 20 per cent increase for all day labor. The advance affects 2,500 miners.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Generally fair Friday and Saturday, somewhat cooler in extreme north east portion.

Temperatures.

The current, maximum and minimum temperatures as recorded Thursday were:

Jacksonville	71	84	55
Boston	60	61	46
Buffalo	48	54	38
New York	62	66	44
New Orleans	74	86	44
Chicago	82	86	61
Detroit	84	88	48
Omaha	86	90	62
St. Paul	80	84	64
Helena	60	62	28
San Francisco	53	60	50
Winnipeg	73	76	60

M'ADOO APPEALS TO MIDDLE WEST

Treasury Secretary States War Aims of U. S. to Chicago Gathering

FIGHTING FOR LIBERTY

States Prompt Financial Aid

May Enable Allies to Gain Decisive Victory

SHIFTING OF CREDITS

CHICAGO, May 17.—

William G. McAdoo, secretary of the treasury, made his first appeal to the middle west in behalf of the liberty loan here tonight. He stated the war aims of the United States to a gathering of financiers, bankers and business men and told them by prompt financial assistance this country might enable the allies to gain a decisive victory before American soldiers

PUT THE COLONEL TO THE TEST

The New York World has charged that Colonel Theodore Roosevelt's volunteer army is a mere "paper" force. The World has been conducting an investigation in various sections of the country in an effort to find out what it really considers the true strength of the probable volunteer force. After this investigation the World asserts that only 1175 men were actually enrolled. This work is an effort to discount Colonel Roosevelt's claim that he would have a large army ready for service on brief notice.

Those who know Colonel Roosevelt's record and spirit will well contend that the only accurate way to measure the extent and strength of his proposed army will be to grant him authority to raise it. Those opposed to the colonel are afraid to grant that authority and that is the reason that the World and other critics of his plan are seeking to show that he is "fourflushing."

CRITICISM FROM PRESIDENT'S OWN PARTY

This is not a time for political bickering or strife in congress and it is somewhat surprising to read that in the senate's criticism of the national administration the Democratic senators lead. It was noteworthy, too, that when an end of the discussion came it was at the suggestion of Senator Lodge, Republican, who insisted that it was not proper for such vigorous charges to be made when those against whom they were directed were not present to make answer. The feeling in the senate against President Wilson seems to be based on two facts: one that so much authority has been delegated to the national council of defense and other advisory boards—authority which has interfered to some extent with the rights of the senate; and secondly, the failure of the president to take the senate into his confidence and explain the reasons for his insistence upon certain legislation that he has proposed.

HOW WARM WEATHER HELPS.

This warm weather is mighty fine for the farmers and they are not following any eight hour schedule these days but are getting in their "best" crops, and making up for lost time occasioned by wet weather. The acreage of crops in Morgan county this year, it is said, will be larger than ever before, partially because of the promise of good prices and partially because of the several campaigns inaugurated by the national and state governments in the effort to increase crop production because of world wide conditions.

City dwellers are indirectly greatly interested in what the farmers are doing and are more directly pleased by the warm weather because it enables them to cut down fuel consumption. With prevailing high

prices for all fuel, household expenses have been greatly increased by the unusual period of cold spring weather. Naturally the household is mightily pleased to be released from this heavy drain of fuel consumption.

MR. VANDERLIP'S IDEA OF ECONOMY

The statement by Frank A. Vanderlip, member of the labor committee of the council of national defense advisory commission and prominent New York banker, relative to war and business is very interesting to say the least. Mr. Vanderlip takes the ground that business is to be good in this country for the period of the war but that there must be some readjustments. He says too, that there need be no fear from over-economizing and on the contrary believes that there must be economies along some lines if business is to move along as usual.

There are only so many workers, according to Mr. Vanderlip's theory, and if there is to be a greater production of necessities then there must be a lesser production of luxuries. So, following this line of argument, there must be curtailed consumption of some productions. He illustrates his point by asking the question how the production of uniforms can be vastly increased in this country unless the machinery heretofore used for making other kinds of clothing is released for the uniform purpose. Then he goes on to declare that much of the argument against economy assumes that the people who thus economize will hoard their money. If that were true, he says, the economy would be detrimental to business, but if the money thus saved is lent to the government thru purchase of bonds then the general conditions have been aided by that economy.

Then in a very clear-cut way Mr. Vanderlip emphasizes the fact that the government has no small task to perform in the placing of its vast loans and further, that the purchase of these bonds on the part of the people is a patriotic duty.

PRIVATE CULLY LAYS DOWN LIFE FOR HIS COUNTRY

The remains of "Jim" Cully, member of Co. B, who died, not on the field of battle but nobly doing his duty in the service to which he was assigned, will be brought to Morgan county for burial. This young man enlisted in answer to his country's call just a few weeks ago. He enlisted with the knowledge that the early duties he would be called upon to perform would not be the easier. He enlisted with his whole heart ready to give his services to his country thru any duty he was called upon to discharge. His brief record was one of faithful service—of deferential attention to his commanding officer.

When this young patriot's body is borne to its final resting place special honors should be his. The people of Jacksonville and Morgan county should unite in paying due respect to his memory. A young soldier has fallen and while he has not gone to his grave because of wounds inflicted by the enemy, his tragic death has brought home to us all what war means. The day of conscription is not far distant and after the names of Morgan county boys have been recorded a goodly number of them will be drawn into military service.

Without undue spirit of gloom we must remember that not all these young men will return to take their places in the homes they have left. "Jim" Cully is the first of these heroes. He has gone now and will know nothing of the honors paid him, but certainly those honors are due and in whatever demonstration of love and appreciation the people can join there will be a patriotic inspiration to other young men. The knowledge will come to them in a more intimate way than ever before what patriotism and sacrifice really mean and how fully citizens appreciate the services.

Rippling Rhymes By WALT MASON

Keeping Cool.

Let's keep our heads and do things sanely. Excitement is indulged in vainly. Since war clouds gathered over the nation, there's been

such frenzied agitation, so much of useless noise and clamor, it gives a sane man katejammer. A lot of busy men are screeching; hysterical locality they're preaching; you'll shriek with them, or you're a traitor—old Benny Arnold was no greater. A thousand schemes no man could follow, each morning we are asked to swallow; you must do this or that or t'other, or you are Arnold's younger brother. These noisy skates are misfits, plainly. Let's keep our heads and do things sanely. All history this fact is telling: Great wars are never won by yelling. We'll never whip the kaiser's boosters by crowing like so many roosters. We'll never win a single battle by milling round like loosed cattle. I love the flag and would defend it until the crash of words shall end it; but I don't drape my stately manors in forty thousand spangled banners. That kind of loyalty is easy; but when the tax collector, breezy, comes up to ask us for our plunder, to help to put the foemen under, a lot of patriots will shiver, and have congestion of the liver. Then you will see my smiles are many, while digging up the groat and penny; I saved them for my country, mainly; let's keep our heads and do things sanely.

THIS DATE IN HISTORY

May 18, 1838—Kaskaskia River Survey. Boats are being constructed at Vandalia under the direction of Captain Linn for the survey of the Kaskaskia River. They were of the most approved model, one for the company and the other for the baggage. The boats were 26 feet in length, 6 feet wide, draw over 3 inches of water. They are the best constructed boats seen in any western waters.

ANOTHER COMPANY B PRIVATE MEETS DEATH

JAMES COOPER DROWNS IN MISSISSIPPI NEAR LOUISIANA.

Young Soldier With Two Companions Went Swimming and Got Beyond His Depth—Heroic but Vain Efforts to Save Him Were Made—Parents in Virginia Notified.

James Cooper of Virginia, a private in Co. B, stationed at Louisiana, Mo., was drowned in the Mississippi river at 5:45 o'clock Thursday afternoon. Coming so soon after the tragic death of Private James Cully it would seem that the company is meeting with more than its share of misfortune. The river is being dragged for the body but up to a late hour it had not been recovered. According to the report received from Louisiana Thursday evening Cooper in company with Privates Maher and Platt decided to go swimming. They were advised not to do so but thought they could stand the current.

It seems that Cooper, who could not swim, got beyond his depth. His companions made heroic efforts to save him and nearly lost their lives. They were taken down twice by Cooper in his struggles but they were unable to get him to shore.

Private Cooper was the son of Mr. and Mrs. John Cooper of Virginia. The family formerly lived on a farm near that city but for the past five years have been residing in Virginia. Besides his parents he is survived by two brothers William and Joseph Cooper, both of Virginia.

The family was notified of the tragedy by the Journal Thursday evening. The body when recovered probably will be taken to Virginia for burial.

NEW THIS WEEK.

New Woolltex Wash Skirts of "pre-shrunk" white gabardines, beach cloths and piques, new colored washable sports skirts and striped silk skirts—new outing and sports dresses of colored cotton and linens.
F. J. WADDELL & CO.

MARRIED IN GIRARD.

A recent issue of the Girard Gazette tells of the marriage of Lawrence Seymour of the Providence neighborhood near Franklin, to Miss Mary Peek of Girard. The ceremony took place at the home of the bride's parents with Rev. E. M. Barrington officiating. The bride has been the pianist at the Girard M. E. church and has been prominent and popular in her home town. Mr. Seymour, who is a son of Mr. and Mrs. S. B. Seymour, is a young man who stands well in his home community. The young people will live on a farm in the Franklin neighborhood.

Cooking demonstration this week Douglas Grocery.

AWARDED OILING CONTRACTS.

The Coking Cement company was yesterday awarded two contracts for road oiling in Christian county. They are not large contracts one amounting to \$1175 for road running east from Taylorville and the other \$829 for a road running south from that city. The contractor who originally took the work went into bankruptcy and it is in order to finish up the incomplete job that the new contracts have been let.

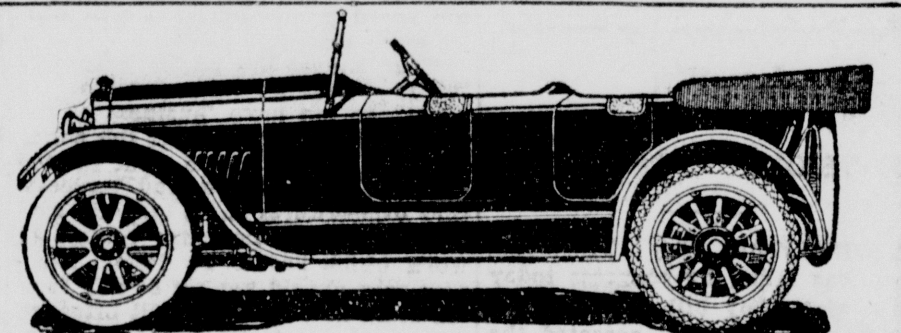

SECTION MEN GET INCREASE.

Over 200 laborers in the employ of the Wabash railroad have received an increase in pay amounting to 2 cents an hour. The increase is from 16½ to 18½ cents an hour. This applies to all laborers employed in the car shops and roundhouses, wipers, etc., of the Decatur and Springfield divisions, which include Decatur, Springfield, Jacksonville, Bluffs and other places where laborers are employed.

Miss Ella Delaney of Chicago arrived in the city yesterday for a visit at the home of Mr. and Mrs. Walter Quinlan.

Cooper and family of the north part of the county rode to the city yesterday in their Maxwell car. Mr. and Mrs. G. L. Davis of Slater, Mo., are visiting friends in Manchester and paid the city a visit yesterday. Mr. and Mrs. Robert E. Fay of Scottville drove up to the city yesterday in their Ford car to visit Mrs. Fay's sister, Mrs. Nifong, and her brother, Squire J. M. Coons. Elmer Lukeman who has been attending Illinois College expects shortly to leave the institution and take charge of about 100 acres of the farm of his father and prove himself as capable behind the plow as with his studies.

PRIVATE CULLY WILL

BE BURIED HERE

REMAINS OF SOLDIER KILLED ON RAILROAD BRIDGE RECOVERED

Inquest Is Begun at Pearl But Facts are Still Lacking—Tramman Will Testify Today—Life Extinct Before Body Struck Water

The body of James Cully of Co. B, Illinois National Guard, who was knocked from the railroad bridge at Pearl by a west bound passenger train was recovered about 11 o'clock Thursday morning.

The body was found about one hundred yards below the bridge and about twenty feet from the bank on the east side of the river. It was taken to headquarters on the west side of the river where an examination was made by a physician.

No Water in Lungs. There was a bad cut on the back of the head and a bruise over the left eye. It is thought that the cut on the back of the head might have been caused by striking some of the timbers of the bridge. It was the opinion of the physician that life was extinct before the body struck the water as there was no water in the lungs.

Just a few minutes before Cully lost his life he was talking with Private Corbridge. The latter heard the train coming and started back to his post. He did not see the train strike Cully.

The only person who saw the accident aside from the engineer and fireman of the passenger, was the towerman stationed at the west end of the bridge. He said he thought he saw a shadow on the track thrown in the headlight and watched to see if it moved when the train approached. He said it seemed to disappear suddenly.

The towerman said that the engineer whistled for the bridge but that the three guardmen on duty said that no whistle sounded. The guardmen also say that the train was going at a good rate of speed when it approached the bridge.

The Guardsmen's Story. John Cully father of Private Cully returned from Pearl Thursday evening. He said that guardmen told him that the engineer of the train applied his brakes suddenly just after getting on the bridge and when he stopped said he had struck a man and that his legs were lying between the rails.

The train was backed up and it was then that Cully's gun and cap were found. Mr. Cully said that afterward the engineer was communicated with by telephone and said that he did not see anybody on the track.

The inquest was begun Thursday afternoon by the coroner of Pike county. It will be continued this morning when the testimony of the train crew will be heard.

J. Edgar Martin who accompanied Mr. Cully to Pearl remained over until after the inquest. He will accompany the remains here today arriving on the 11:25 train this morning.

Born in Ebenezer Neighborhood. James Cully was the son of John Cully and was born in the Ebenezer neighborhood. He was 17 years of age and is survived by two brothers, Arthur and Wilbur and one sister, Ellen Cully.

He enlisted in Co. B, about two weeks before the company left here. Capt. Owen and Lieut. Hale both said that he was a good soldier and careful in the discharge of his duties. He was well liked and popular with his comrades.

Funeral services will be held from Ebenezer church Saturday morning at 10:30 o'clock. Burial will be in Ebenezer cemetery.

When the news of Cully's death was received by the Journal early Thursday morning Capt. John Roach of the night police force was communicated with. Capt. Roach immediately got out the police car and went to the Cully residence and informed the family of the tragedy.

Cooking demonstration this week Douglas Grocery.

FUNERAL OF WILLIAM NUNES

The funeral of William Nunes will be held from Northminster church this afternoon at 2:30 o'clock in charge of the Rev. Walter E. Spoons. Burial will be in Jacksonville cemetery.

Patriotism and Thrift

The THRIFTY man or woman is the PATRIOTIC CITIZEN. Spendthrifts do not make or save a country.

Silver Bullets will probably win the Great War.

Europe has amazed us with her ability in financing the war. Her Savings Bank depositors explain that financial ability. The warring nations of Europe in proportion to their population have almost twice as many Savings Bank depositors as the United States.

In WAR and in PEACE the man of THRIFT COUNTS

The THRIFTY citizen not only helps his country but helps himself. He is the home-builder, the business-builder, the community-builder, the Nation-builder.

His THRIFT means progress and happiness for himself, his family, his community and his country.

Spendthrifts build neither homes, industries nor communities.

224 N. Mausaisterre St.
Illinois Phone 1288SCHOOL BOARD NAMES
TEACHERS FOR YEARLIST ANNOUNCED AT SPECIAL
MEETING HELD THURSDAY
NIGHT.A Number of Changes Result from
Committee Report and Board Action—
Salary Schedule is Adopted—
Offices Custodian Engineer and
Assistant Created—Seek to Vacate
Part of Court Street for Boiler
House Site.

At a special meeting of the board of education Thursday night appointments of teachers for coming year were made and the salary schedule was adopted. The list of teachers printed herewith indicates a number of changes in the teaching force. When the list was read the elimination of some teachers called forth criticism, and when a motion was made by the teachers committee to remove to fill vacancies Member Muehlhausen made an argument in favor of hiring only persons resident here. The board decided to employ custodian engineer and assistant to have charge of all buildings. It was also decided to make an effort to secure a vacation of Court Street between the high school building and the David Prince building in order to permit the erection of a boiler house there. President Lippincott and all members of the board were present.

Salary Schedule Provisions.
The joint committee on finance and teachers reported the new salary schedule which was adopted. In grades one to five teachers will begin service at \$50 a month and may be increased \$5 a month each year until a maximum salary of \$76 a month has been reached. In grades seven and eight the beginning salary will be \$50 a month and annual increase of \$5 a month may be granted until the maximum of \$80 a month has been reached. For the high school no initial salary was fixed and the board will use its discretion in employing teachers in this department. The salary first paid to high school teachers may be increased \$5 a month annually until the maximum of \$113.50 per month has been reached. The salaries of supervisors and principals will be annually agreed upon. The salary schedule includes the following points relative to increases:

Beginning salary is subject to a yearly increase for superior teaching when recommended by the Superintendent.

A teacher may be retained with out the yearly increase when it is desirable to give her an opportunity to prove her superior teaching.

Shall not be retroactive, but no increases shall be granted in cases where there has been less than one term of professional training in some recognized school beyond a four year high school.

Teachers are Named.
Following adoption of this schedule the report on teachers' appointments was called for and presented. The names and salaries are given herewith.

H. A. Perrin, Superintendent	\$2,500.00
Lena Hopper, Supervisor of Music	750.00
Harriet Schibert, Supervisor of Art	750.00

The following teachers resigned:
School, Mrs. Smith, Miss Mabel Cowdin, Miss Day, Jefferson school, Miss Bea Phillips, Miss Shuman, Lafayette school, Miss Fox, Miss Russell, Seventh grade, Miss Abbie Hayden, Miss Kate Panning. The finance committee is composed of Members Rogerson, Black and Rapp; the teachers committee of Members Metcalf, Person and Parker. It was this combined committee that presented the salary schedule and the list of appointments and those not appointed were permitted to resign. Member Hopper wanted to know why some teachers had been left out and said it was a cowardly thing to ask them to resign without any notice before hand that they were not to be appointed.COMMITTEE DEFENDS ACTION
Member Metcalf said the only aim was to seek the welfare of the schools. He said there had been no bias, no favoritism, no prejudice. If the three members not on the committee could have met with that committee and heard its deliberations they would be satisfied, he said.

Member Black said they employed a superintendent to transact the business of the schools. It was impossible for the members to know all the details of the schools and they must be left to a superintendent and when he failed to do his duty then get another superintendent. He personally regretted that some of the teachers had resigned, but like Member Black he felt the good of the schools had been regarded and he would not complain. The report was adopted. Member Muehlhausen voting no. Then there was a motion that the superintendent and teachers committee accept teachers to fill the vacancies. Member Muehlhausen insisted that home teachers should be employed. He said it was a wrong practice to have taxpayers to send out of the city for teachers. It was surely a hard story if with all the educational advantages in the town they could not get enough teachers for the public schools. He was strenuously opposed to sending out of town for teachers in the public schools. Member Hopper spoke in the same vein.

The chair said many years ago he had been a member of the board for ten years. For awhile they had a number of teachers from out of the city and they were very superior. Then came a pressure to get home teachers and the result had been derogatory to the schools. At one time there was a superior teacher in the school who had been in the board and retained for \$5 a month but she was from a distance and the board let her go and she went to Minneapolis. The salary of \$1500 a year. It is often wise to go from home for teachers when the good of the schools is at stake.

Member Muehlhausen insisted it was all wrong to go from home for teachers and said if we can't find enough material at home we had better take down our banner as an educational center.

Member Black said it was often wise to get teachers from a distance. He said "They bring with them new ideas and ways which may be very valuable. We don't want a provincial town with no progress and growth. The good of the schools should be the aim no matter where we find them. The good of the schools should be the aim."

Member Person suggested that far the greater part of teachers are home talent.

HOME TEACHERS TO HAVE PREFERENCE
The motion was amended instructing the committee to give preference to home talent in employing teachers other things being equal and the motion prevailed.

Member Rogerson moved that the janitors be designated custodian janitor hereafter. Member Black moved that custodian engineer be employed, the incumbent to be recommended by the building and grounds committee and to receive salary not to exceed \$40 a month and with an assistant to work 12 months a year and have charge of all buildings and grounds, including the boiler house, in order; all heating apparatus in repair. It was suggested that it would be a money saving economy to do this. Several members spoke favorably and the motion prevailed.

Member Black said it would be lawful to pay this man from the building fund which would be relief to the other fund. WANT PART OF STREET VACATED.
The building and grounds committee was not ready to present the plans and specifications for the proposed new boiler house as the architect had been called from the city. They hoped to have it soon. It was also suggested that if it were possible to have a part of the street vacated so as to place the structure there it would be a great advantage as otherwise it would so cramp the grounds to the boiler house on the present lot. The people would have to be consulted and it was the belief of the committee that the property holders contiguous and near by would be willing and the next step would be to take what necessary legal steps would have to be taken.

The committee was instructed to get the plans and the specifications for the boiler ready for presentation as soon as possible and have them ready for a meeting to be called to inspect and discuss them and to see about vacating the street.

Member Rogerson presented some interesting statistics from other cities showing population, rate of general tax and rate of school tax. The showing is very favorable to Jacksonville.

Adjourned to meet at the call of the chair whenever the building and grounds committee is ready to present the plans and specifications for the new boiler house.

200 ATTEND RECEPTION
AT CHRISTIAN CHURCHMore Than Fifty New Members,
Received Since Jan. 1, ate Guests
of Honor—Pastor Speaks on Spiritual Values

The congregation of Central Christian church were at home Thursday evening to those who have been received into membership during the year, between fifty and sixty in number. A program was given in the rooms of the Sunday school primary department in which words of greeting from the several church organizations were interspersed with pleasing musical selections. After the program light refreshments were served in the dining hall. George T. Dierker was chairman of the evening.

In his talk "The Church" Rev. Mr. Pontius spoke of the necessity for a right understanding of spiritual values. Many are suffering from spiritual malnutrition, said he. Without attendance upon the services of the church and without partaking of the ordinances there can be little spiritual growth for the young Christian.

With two hundred people present and with the spirit of cordial welcome prevailing, the reception by all was considered a genuine success.

The order of the program: Bible School—C. L. Mathis. Elders—U. J. Hale. Deacons—Frank H. Harnes. C. W. B. M.—Mrs. Geo. Harnes. First Aid Society—Mrs. J. S. Peckham. Ella Ewing Mission Circle—Mrs. Geo. Peck. Pastoral Helpers—Mrs. Lillian King. C. Endeavor—Miss Lucile Allison. Intermediate Society—The Pastor. Church—Rev. M. L. Pontius. The music included: Piano Solo—Miss Beatrice Dye. String quartet, double number—Dean Cochran, Byron Carpenter, Minnie Hoffman and Mabel Forrester. Group of songs—Mrs. Wilson.

CORN GROUND IN GOOD CONDITION

Farmers from every quarter of the county report corn ground in excellent condition breaking up loose and with few clods. The rains soaked the ground fairly well though there is none too much moisture yet and even now a small rain would be acceptable.

WINCHESTER

Boys of the high school will give their minstrel program this evening at the Lyric.

The funeral of Donald Keith Claywell will be held at the Christian church Saturday afternoon at 2 o'clock, the Rev. G. E. Prewitt officiating.

Mrs. Alice Thompson is here from Beardstown for a visit with relatives.

Mr. and Mrs. J. O. Priest of Jacksonville and their guests, Mrs. Arter and Carl Hurd of Denver, Colo., were Winchester visitors Thursday.

The high school baccalaureate service has been announced for Sunday, May 27, at the Methodist church.

Rev. Mr. Johnson, pastor of the Baptist church, will preach the sermon.

Mr. and Mrs. George Woodall were in Jacksonville Thursday, called to see Mrs. Robert Woodall, whose condition seemed to take a change for the worse.

The Masons held a special meeting Tuesday night, when two candidates were received for a first degree. Visitors were present from Masonic lodges of Jacksonville, Lynnville, Exeter and Bluffs. After the work, refreshments were served.

AT TELEPHONE MEETING
Miss Catherine O'Brien, chief operator for the Illinois Telephone Co.

and Misses Mamie Hayden and Nora Van Hyning were in Pittsfield Thursday where they attended an opera school of instruction. Miss Zula Groves and Miss Gladys Hamilton will go to Pittsfield today.

LEAVE TO WITHDRAW GRANTED IN MUELLER CASE

Suit Brought Against Wabash for Personal Damages—Several Orders Entered by Judge Jones—Docket Set for Coming Week.

In the circuit court Thursday, Judge Jones presiding, the greater part of the session was consumed in the consideration of the suit of Iver Mueller by his next friend, W. G. Mueller, against the Wabash railroad. After some testimony had been presented Bellatti, Bellatti & Moriarty as attorneys for the Wabash entered a motion that the court instruct the jury to find the defendant railroad not guilty. On this point there was extended argument and several hours were occupied by attorneys in citing authority. As a result Paul Samuel as attorney for the plaintiff entered a motion to dismiss the case without prejudice and this motion was allowed by the court. By the taking of this action it is the expectation of Mr. Samuel to be able to get court standing for his case by some other procedure.

Basis of Suit.

In this suit action was brought against the Wabash alleging that Iver Mueller sustained severe injuries at Bluffs some months ago when he was directing a party of Wabash employees to a place where blasting powder belonging to the road had been stolen and concealed. The plaintiff's claim was that while making the investigation at night Wabash employees carried a torch which caused the explosion resulting in injuries to the boy, Iver Mueller. The jury hearing this case included Charles Holmes, Frank Baker, New Tribble, C. P. Bearap, F. Sweeney, J. L. Seymour, P. E. Sheehan, R. M. Lacy, Elmer Nicholson, T. E. Jewsbury, William Douglas and Albert Unken.

In the case of the city vs. Oliver Hamm, charged with assault and battery and taken to the circuit court on appeal, an order of dismissal was entered on motion of the city.

In the assumpsit suit of James A. Mutch vs. John and Fanny Mutch, an order of default was taken on the promissory note and the clerk was instructed to assess damages.

In the partition suit of Fannie Headen vs. W. C. Headen, the cause was referred to the master.

In the divorce suit of Anna A. Ahlquist vs. Alvin A. Ahlquist, leave was given to defendant to file a cross bill.

Docket is Set.

The docket has been agreed upon for the coming week and Judge E. S. Smith will be here to preside. The cases set for hearing are as follows:

Monday, May 21.

William B. Groves, administrator, vs. Wabash Railroad company.

Tuesday, May 22.

Ellen H. Cook vs. John P. O'Neill et al.

Wednesday, May 23.

John E. Parr vs. Mabel Cowden.

Thursday, May 24.

John E. Robertson vs. Hartford Fire Insurance company.

Friday, May 25.

City of Jacksonville vs. W. C. Headen.

Saturday, May 26.

Hallie C. Gibson vs. Robert S. Gibson.

GRAND JURY MADE VISIT TO COUNTY HOME

Inspection of Property Proved Conditions Satisfactory—Jury Inspection Planned for Today—Work of Term Near Close

Members of the Morgan county grand jury yesterday made the semi-annual inspection trip to the county home. They were guests at dinner of Supt. and Mrs. McFillen and every possible courtesy was extended to them. The report which will be presented to the court today will set forth the facts as found and indicate that the property is in excellent condition. State's Attorney Carl E. Robinson accompanied the jurors. The committee which has prepared the report includes J. H. Fuller, C. E. Newton, S. T. Zachary, George E. Brown, J. Spencer Self and O. M. Petefish. The committee's report is about as follows:

Land and Stock Inventory

"On inspection we found all buildings at the county farm in fair condition but some of them need repair work. It is necessary to haul so many goods to or from the farm that we advise the purchase of a good vehicle especially for that purpose. In an inventory of the stock we found eighteen sows, sixty head of shoats and thirty small pigs, ten cows and two calves, one bull, eight work horses, two two year old horses and two colts, 109 old chickens and 200 young ones. We recommend that the old sows referred to be sold.

"The land acreage on the farm now shows twenty acres of wheat in good condition, eighteen acres of oats in good condition, twenty acres of meadow and twenty acres of pasture, sixty acres of planted corn which looks well. The garden is in extra fine condition and the three acres of potatoes promise a good crop. There is also a five acre orchard tract which is in excellent condition. There is a plentiful supply of good meat and laid on hand to last until the next killing season. The food supply seemed bountiful and the inmates expressed themselves as well pleased with the treatment received at the hands of Mr. McFillen. The living apartments are in very clean and sanitary condition and the grounds have every appearance of being well cared for. Members of the grand jury were served an excellent dinner and a vote of thanks was extended to Mr. and Mrs. McFillen for the royal manner in which the jurors were entertained."

Jail Inspection Today

The members of the jury or a committee will visit the county jail this morning. According to a statement by State's Attorney Robinson and by J. H. Fuller, chairman of the jury, it is expected that the work will be concluded at noon today.

STYLISH SUMMER HATS.
Another lot of newly arrived summer hats are on sale today—white and light colored straws with latest ideas in trimmings—at small prices.
F. J. WADDELL & CO.

OFFICERS ELECTED BY LAFAYETTE ASSOCIATION

The Parent-Teacher association of Lafayette school held the last meeting of the year Thursday afternoon at the Lafayette building. Pupils of the first, second, third and fourth grades gave a program of folk dances. Refreshments were served and a social time was spent. For the new year officers were selected as follows:

President—Mrs. Herbert Capps.
Vice president—Miss Agnes Paxton.
Treasurer—Miss Elie Pyatt.
Secretary—Mrs. Frank Ploner.

Cooking demonstration this week Douglas Grocery.

ABOUT CONSTANTINOPLE

The talk this evening at the Congregational church parsonage by Rev. J. F. Langton will be of great interest and any one desiring to hear it will be welcome. Mr. Langton is a very entertaining speaker and his long residence in the capital of Turkey makes him especially capable in handling his subject. He will tell about the different educational institutions and the Rev. Mr. Peet, the wonderful man who has the confidence of all governments and thru whose hands millions have passed to refugees, missionaries and others.

MRS. BENNETT BACK AGAIN

A few weeks ago the Journal printed an account of a visit to the city by a man known as John Bennett. The visitor said his right name was something else but he couldn't tell what. He was taken from his parents when quite young and given to John Bennett to raise. He says his name was Edward but the name of his father has escaped him. The Journal told his story for him as he hoped thereby to get some trace of his family but it all happened so long ago no one came forward with the information. He was in the city again yesterday hoping to get some trace of his people.

NOTICE S. P. P.

All members are requested to attend the funeral of Bro. Wm. Nunes at the Northminster church Friday, 2 p. m. Please attend.
Jno. M. Vasconcellos, Pres.
Henry Marks, Sec.

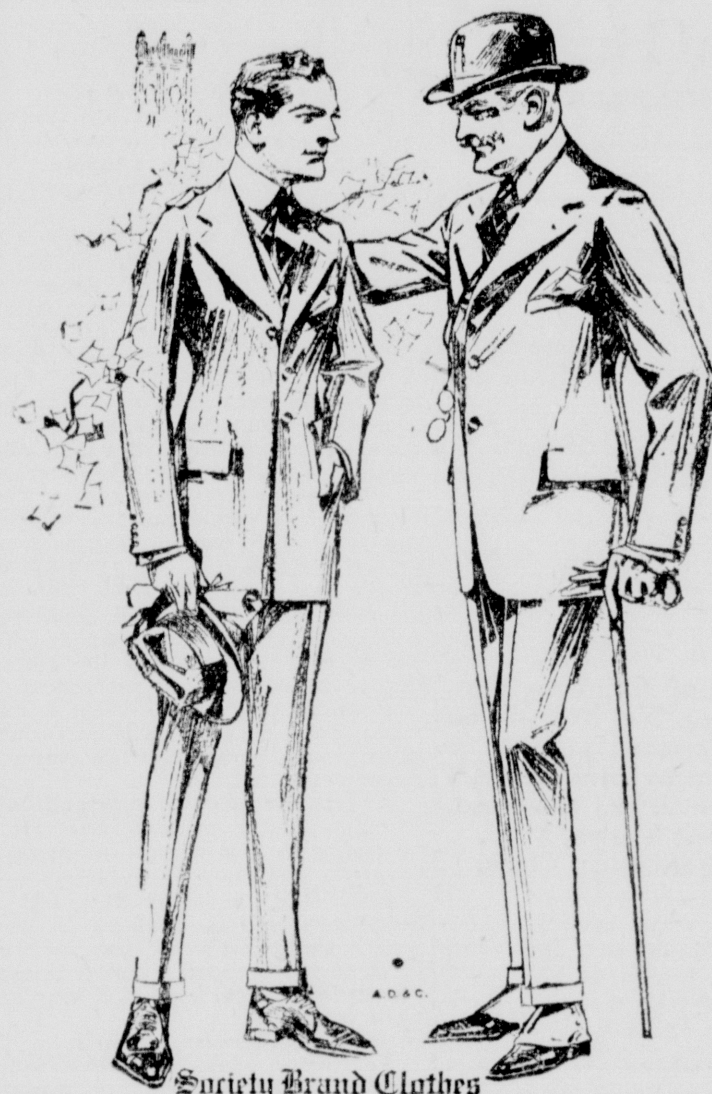

MISSIONARY RALLY

SUNDAY AT LYNNVILLE.
Sunday the Christian church at Lynnville will devote attention especially to missions. The Gordon male quartette will sing "Jesus Saviour," and the sermon by the pastor, Rev. A. L. Cronkrite will be in keeping with the occasion. The next will be "The Decay of the Old and the Growth of the New." After church there will be a picnic dinner on the church lawn. Bring your baskets and make this a memorable and enjoyable day.

SPRINGFIELD SALOON MEN STILL IN BUSINESS

Will Continue in Soft Drink Business in Hope that Two Years Hence Dry Victory Will Be Reversed—Ice Price Advanced—Record Red Cross Membership

Springfield, Ill., May 17.—A large number of the buildings formerly occupied by saloons here are still frequented by the same customers who spent money before intoxicants were put under the ban at the election of April 3 and banished thirty days later.

The doors of these places are open and the same bartenders stand ready to serve "the old crowd", but this time with some beverage without a "kick" in it.

Several dozen saloon keepers whose leases have not expired, are trying to gather in enough nickles to pay rent, they say. A few even have said they will continue in the soft drink business at the old stands, utilizing the bar fixtures, with the hope that two years hence the recent victory of the "drys" will be reversed.

Police officials have received orders from the commissioner of public health and safety to raid every place under suspicion of "bootlegging" and the city council is preparing to pass a "bone dry" ordinance which is as drastic as the state supreme court's interpretation of the liquor statutes will allow. Since May 3 there have been a score of arrests for illegal selling of liquor.

Advance Price of Ice
Ice dealers here have advanced the price from forty cents a hundred pounds to sixty cents. The closing of 215 saloons on May 3 had nothing to do with the increase, they say.

Record for Red Cross Membership
Virden, twelve miles south of here, with a population of 4,000, has a Red Cross membership of 800. This, it is said, is the record in Illinois for proportion of enrollment to population. Virden is a coal mining town.

The Red Cross membership in Springfield, whose population is slightly under 60,000, is 7,666.

Y. M. C. A. Finishes Campaign
The Y. M. C. A. here has just finished a campaign in which \$50,000 was pledged, \$20,000 of which is to be used to liquidate the debt of the local association.

Episcopal Church Convention
The annual convention of the Springfield diocese of the Protestant Episcopal church will be held here on Wednesday and Thursday, May 23 and 24, it has been announced.

Bishop Granville Hudson Sherwood, recently consecrated at Rock Island to succeed the Rt. Rev. Edward W. Osborne, resigned, will preside.

The first day will be given over to religious services and the second to business affairs of the diocese. Delegates are expected from each of the sixty counties in the diocese.

WAR VETERANS IN SALINA.

Salina, Kans., May 17.—Hundreds of civil war veterans and other visitors are in Salina to attend the annual encampment of the Grand Army of the Republic, Department of Kansas, which began today. Despite the fact that the soldiers are so rapidly lessening in numbers, the encampment promises to be one of the most successful of recent years. There will also be annual meetings of the several affiliated societies, including the Sons of Veterans, Woman's Relief Corps and Ladies of the G. A. R. The city is in holiday attire in honor of the visitors and elaborate preparations have been made for their entertainment.

INVITATION GOLF AT EXCELSIOR SPRINGS

Excelsior Springs, Mo., May 17.—Prominent golfers from Kansas City and other points engaged in practice today on the links of the Excelsior Springs Country Club in anticipation of tomorrow's opening of the club's annual invitation tournament. The tournament is regarded as one of the principal golfing events of the year in this section of the country.

WHAT!

NO SLEEP LAST NIGHT?

If coffee was the cause change to POSTUM and sleep!

"There's a Reason"

EAT FISH AND SAVE MONEY.

Providence, R. I., May 17.—Plans for a closer cooperation with the Federal Government in its efforts to reduce the high cost of living will be discussed by the National Association of Fisheries Commissioners at its annual convention which began here today. An extensive campaign of publicity is proposed to impress upon the people the fact that the products of the fisheries are likely to be among the cheapest and the most valuable of food staples during the war. The convention is attended by the fish commissioners of a score of states, including those on the Gulf coast, the Atlantic seaboard and the Great Lakes.

C. L. Hatfield and wife drove over to the city from Decatur in their Buick car yesterday and visited Mr. Riggs, manager of the Jacksonville branch of the Hatfield Poultry house.

COLLEGE BOARD FUNDS SHOW LARGE INCREASE

Amount Received by Board of Presbyterian Church in Last Fiscal Year Far Exceeds Record for Three Preceding Years—Interest in Colleges Steadily Increasing

Dallas, Texas, May 17.—The increase in the amount of money received by the College Board of the Presbyterian church the last fiscal year was much greater than the average received for the preceding three years according to the report submitted by the board here today to the General Assembly of the church. The board is composed of Robt. McKenzie, New York, secretary; J. E. Clark, Nashville, Tenn.; and C. H. French, New York, associate secretaries. Their report said in part:

"Taking the average for the three preceding years the gifts received by the board and our Presbyterian colleges for maintenance, equipment and endowment amount to \$1,226,303. For last year the same items reached the splendid total of \$3,044,211—a gain of more than \$1,800,000."

"The amount received by the treasury of the College Board was not larger than usual, for no requests of considerable size were made during the year. Total receipts from church offerings for current expenses of colleges amounted to a little more than \$115,000 and gifts from individuals to the College Board amounted to \$132,645. Receipts from other sources brought the total receipts of the College Board treasury up to \$383,517."

"It is not by the amount received into the treasury of the Board that the interest manifested should be judged; much of the effort of the Board is put forth for securing gifts to colleges and these gifts do not go into the Board's treasury. Besides, a sympathetic atmosphere in much of the Board's work is to create which college presidents and others may labor for the benefit of their own institutions."

"In the last year the Board spent much money and effort in publicity and extension work, to make the Christian college better known and to cultivate more interest in that cause."

"Interest in the colleges is steadily increasing through the church. In no phase of the work has there been aroused greater interest than in the effort to endow chairs of English Bible instruction in all Presbyterian colleges. The Board will this year call, on authority of the General Assembly, for individual gifts for Bible chair endowments as a practical means of celebrating the four-hundredth anniversary of the Reformation. Presbyterian churches are being urged to celebrate this anniversary in the autumn."

NORWEGIANS CANCEL CELEBRATION

Chicago, Ill., May 17.—For the first time in many years the Norwegian-American societies thruout the West today permitted the Norwegian independence day to pass without the customary elaborate celebrations. Because of the war situation the societies decided that it would be best to abandon the usual festivities and to confine the observance to demonstrations of patriotism and loyalty to the American flag.

It was on this date in 1814 that the constitution of Norway was adopted at Eidsvold, and Norway was firmly established as an independent nation. The story of Norway's struggle to free herself of the yoke imposed by other European powers dates back to the year 863, when Harold Haarlage drove out the petty kings of the country, subjugated the nobles and small chieftains and established himself ruler. From that date on for centuries, Norway's story was one of the battles, military, political, and diplomatic, to maintain a free, unconquered and indivisible country.

Following the treaty of Calmar in 1380 the political and social ideas of Denmark and Sweden were imposed upon Norway. Sweden later withdrew, and Norway was ruled by Danish kings for four centuries. In the nineteenth century the national spirit of the Norwegians awoke, and in the reconstruction and remaking of the European map by the powers following Napoleon's defeat, Norway discovered itself being handed over to Sweden again. The country, however, refused to swear away its independence and integrity as a separate political entity, and a general assembly of 112 delegates was called at Eidsvold. The result was the Norwegian constitution, and Christian Frederick of Denmark was selected king.

Sweden attempted to assert its authority by force of arms. A general engagement between Swedish soldiery and an armed mob of Norwegian citizens and peasants was averted when the Norwegians accepted the proposal of Marshal Bernadotte as crown prince of Sweden that he would recognize the Norwegian constitution with the amendment that joint kingdom be formed with the King of Sweden, as ruler.

CHURCHMEN AT DALLAS.

Dallas, Texas, May 17.—The 129th General Assembly of the Presbyterian Church of the United States opened in the Central Presbyterian Church in this city today with an attendance of more than one thousand and commissioners, prominent divines and leaders in missionary, education and other fields of denominational activity. Communion and the sermon of the retiring moderator, Rev. John A. Marquis of Cedar Rapids, Ia., were the features of the opening session.

REDUCE UMPIRING STAFF.

Chicago, May 17.—With the release today of W. W. Walker and Jerry Eddinger, the umpiring staff of the Three I League was reduced to five members. Another will be dropped within ten days.

Mrs. Frank Brockhouse of Chapin was a city shopper yesterday.

If You Want Good Style Insist on Quality

No matter how stylish your Sport Suit may look, if the fabrics are not all wool, if the workmanship and tailoring is poor, your suit will soon lose its shape, its style and its fit

Hart Schaffner and Marx

Clothes are first of all quality made. All wool fabrics go into these clothes, fine tailoring, fine "inside materials," and the style can't be surpassed best of all, it stays stylish.

DIFFICULT TO FILL STATE POSITIONS

Business Expansion Incident to War Results in Shortage of Laborers and Other Employees for Positions in State Institutions

Springfield, May 17.—State departments are having difficulty in finding laborers and other employees to take positions in Illinois institutions because of the business expansion incident to the war, according to Ward Robinson, secretary of the state civil service commission.

Mr. Robinson stated fewer persons were taking examinations for state jobs, and that many who have been employed for a long time have left the service, and that those accepted often leave immediately to take positions with better pay.

ENUMERATORS MAKE LIST FOR CHICAGO DIRECTORY

Being Mistaken for Military Census Takers Adds Difficulty to Work—More Than Million Names Listed Last Year

Chicago, May 17.—Practiced enumerators, informal census takers, are busy today making up the list of Chicago residents for the city directory which each year is a more imposing volume.

Being mistaken for military census takers by timid mothers who see visions of sons forced into the ranks has added another problem to the enumerator's life.

"How many children?" "Four—all girls," answers the mother. The questioner looks at the slip which last year recorded the family and sees that twelve months before they were two boys and two girls. Then he must act as a sleuth and ascertain the facts.

Where father, son or brother has enlisted the final slip turned in must record the residence of the soldier and his last place of employment if the job is being held open for him.

"We go to his employers to find out whether the man who has enlisted will be taken back," said the superintendent in charge of the work. "Generally he will be given his old position and then we record that as his business address."

The directory aims to list all men of twenty-one and older and all women holding responsible positions. Housewives are not included in the lists nor are shop girls.

The directory last year contained more than 1,000,000 names and this year a considerable increase is looked for.

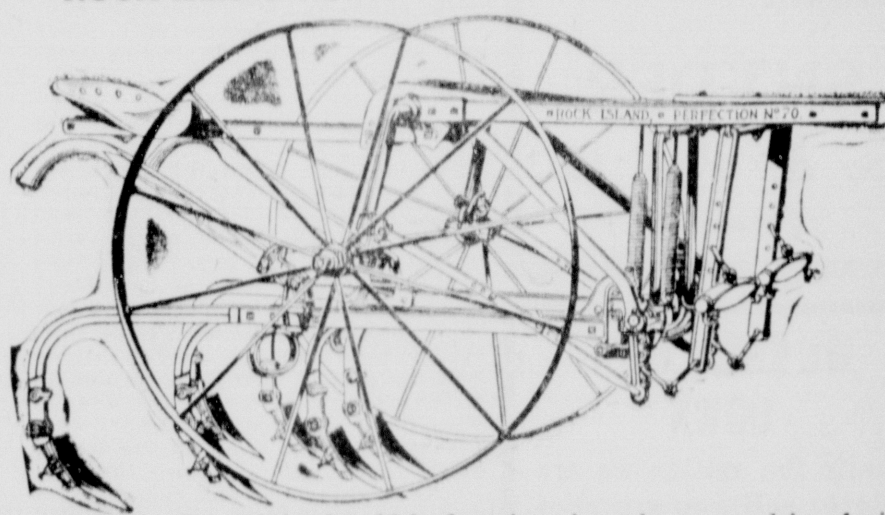

Six weeks are required to complete the count and more than four hundred men are employed to compile the lists.

Many districts require two or three visits before all the information necessary is obtained.

INTER-LEAGUE SERIES CANCELLED SUDDENLY			
Head of American Association Makes Announcement—The International Head Says Announcement Is Premature.			

Chicago, May 17.—The inter-league series of forty-eight games between clubs of the American Association and International league scheduled to start early in August, was suddenly called off here tonight owing to unsettled conditions caused by the war.

President Hickey of the American association in making the announcement said the association will play two championship schedules instead of meeting the International

Will Your
Cigarette
Pass These
Two Tests?

If it does, it's a good one—stick to it whether it happens to be Fatima or some other cigarette.

But if it doesn't, just try these two tests on Fatima.

Here is another kind of Fatima proof: For over 8 years, Fatimas have

been the largest-selling cigarette costing over 10c. And, except in one or two localities, Fatima's big lead is increasing faster today than ever—in spite of the big sales of cheaper cigarettes, packed to imitate Fatima.

Clip out these two tests and try them on Fatima today.

Umpires—O'Day and Harrison. Time—1:50.

INTER-LEAGUE SERIES CANCELLED SUDDENLY			
Head of American Association Makes Announcement—The International Head Says Announcement Is Premature.			

Chicago, May 17.—The inter-league series of forty-eight games between clubs of the American Association and International league scheduled to start early in August, was suddenly called off here tonight owing to unsettled conditions caused by the war.

President Hickey of the American association in making the announcement said the association will play two championship schedules instead of meeting the International

TWO TESTS FOR
ANY CIGARETTE

Here are a couple of tests which, according to a recognized authority on tobacco blending, will help the average smoker choose more wisely between two different kinds of cigarettes. The first test is for coolness, which simply means more smoking comfort. Light a cigarette. Draw in a big cloud of smoke—a small, ordinary puff is not sufficient to make this test. Hold it in your mouth for a moment, let it "float" around against your tongue and throat. Now blow out the smoke. If the cigarette contains a high grade of mild tobacco leaves, blended in just the right proportion, it will always feel cool and smooth both to your throat and to your tongue. On the other hand, if the cigarette contains inferior grades of tobacco or much hidden strands of strong, oily leaf, you will feel a nipping sting at the tip of your tongue, or that "sandpaper" tickle in your throat. The second test is for how you feel after smoking all day. If the tobacco in the cigarette is blended as to bring out the best qualities, and if they have been so blended as to neutralize any unpleasant feeling whenever you feel like it, the blend another cigarette in which the tobacco are of the highest grade, you will find along towards the end of the day that feeling of having "smoked too much."

Clip out these tests and try them on Fatima

STOMACH SYMPTOMS

A leading physician of Chicago says: "Merely easing the pain with narcotics to give relief is a long way from the cure for stomach trouble. Besides the danger of neglect of inadequate treatment may lead to more serious maladies. What appear to be only minor troubles are often the symptoms of gall stones, acute indigestion, gastritis, constipation, auto-intoxication, yellow jaundice, appendicitis, cancer and ulcers of the stomach and intestines, or other fatal ailments." Stomach sufferers should take warning. Do not have blind faith in treatments that are giving no results. Much suffering could be avoided, many surgical operations prevented, scores of lives saved had May's Wonderful Remedy been taken in time. It is not a long drawn out treatment. It acts on the very source and foundation of stomach, liver and intestinal ailments, eliminating from the system the hard, poisonous catarrhal accretions and shows them to you. Try a dose tonight—tomorrow your days of torture will be over and another friend will be added to nearly a million grateful human beings, many who declare May's Wonderful Remedy has saved their life. Get it from your druggist—tomorrow may be too late. For sale by Armstrong's drug store, and druggist everywhere.—Adv.

MRS. KIESO SICK
SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my household work, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is."—Mrs. CARL A. KIESO, 696 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidentially), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

SINCLAIR
James F. Mahon shipped one load of hogs to Chicago recently.

Arthur Swain sold a team of horses to Willard Young of Litchberry Saturday.
Miss Nellie Hughes attended the carnival at Jacksonville Saturday evening.
James Mahon shipped two loads of cattle to Chicago Tuesday, May 15.

STOP COUGHING

The simplest and best way to stop coughs, is to take **Foley's Honey and Tar**

You get the curative influence of the fine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed tickling throat, raises phlegm easily and puts a quick end to hard wearing coughs.

R. F. Hall, Mable, Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years." Your dealer sells it. Try it.

City Drug Store,

Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your foot after it has been treated with the wonderful discovery, 'Gets-It'! Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It'! You folks who

"O-O-It!"
End Corn and Stop Pain Quickly With "Gets-It!"

have wrapped your toes in bandages to look like bunions, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries once. There's nothing to stir, and you can put your shoe and stocking right on again. The pain is all gone, and when the corn dries a painless, shriveling death, it loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good.

"Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

Mrs. Thos. O'Brien and Mrs. Wm. McCullum have returned from Detroit, Mich., where they spent Friday until Monday with the E. M. Carver household.

MEMORIAL UNVEILED
AT SHILOH
Pittsburg Landing, Tenn., May 17.—An everlasting memorial to the Southern soldiers who fought and fell in the battle of Shiloh, one of the greatest conflicts of the Civil war, was unveiled on the battlefield today with impressive ceremonies. The memorial, which takes its place as the most imposing in the national park, was erected by the United Daughters of the Confederacy at a cost of \$50,000.
The unveiling was made the occasion for interesting exercises in which every veteran in gray who was physically able, and many a one who was not, participated with an energy and enthusiasm which defied life-saving years that have passed since they bore arms for the South. The program was featured by addresses from several prominent speakers. The memorial was unveiled by Miss Mildred White of Paris, Tenn., daughter of Mrs. Alexander B. White, to whose efforts the success of the memorial project is largely indebted.
The drawing aside of the veil which draped the magnificent monument was the signal for an outburst of cheering, which was swollen to thunderous applause by the sons and daughters of the veterans. Tears dimmed the eyes and coursed down the cheeks of the old soldiers and their emotion-choked voices would have been but a feeble effort had it not been for the assistance given by a younger and homage-paying generation.
The monument stands near the old Shiloh meeting-house in the angle made by the intersection of the Corinth-Pittsburg Landing and Hamburg-Savannah roads. It faces in the direction from which the Confederate forces advanced to the attack in the early morning of April 6, 1862. Frederick S. Hibbard, the Chicago sculptor, designed the memorial, which was constructed largely of Mount Airy granite. In the center rises a bronze group, the subject of which is "Victory Defeated by Death." Under the figures set in the granite is a bas-relief of General Albert Sidney Johnston, the Confederate commander who was killed early in the engagement. At either

end of the monument is a group of bronze soldiers, one representing the artillery and infantry and the other the cavalry and officers.
LOOKING FOR OLD COMRADES
G. B. Danforth of White Hall was in the city visiting his daughter, wife of Dr. Chapin of this place. The visitor was seeking for some members of Co. K, 154th Ill. Vols., a regiment in which he served as adjutant and holding a commission as second lieutenant in Co. E. A careful search of the roster of the company published in the report of the adjutant general failed to disclose the name of any now living in the city or vicinity who were members of that company as far as Mr. Danforth and some others could ascertain. The name of Alex Howard appeared but the gentleman is not here at present. Nearly all the company was raised right here in Jacksonville.

SOUTHERN PRESBYTERIANS IN COUNCIL
Birmingham, Ala., May 17.—With all the high officers and leaders of the denomination in attendance, as well as prominent laymen and missionaries to a total of several hundred, the annual general assembly of the Southern Presbyterians began its sessions at South Highlands Presbyterian church in this city today. The important business scheduled for the opening day consisted of the retirement of J. C. W. Gresham of Mississippi as moderator and the election of his successor.
